## REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania, by their duly chosen representatives, will meet in state convention Thursday, April 23, 1908, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative-at-large to Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the nomination of such other business as may be presented.  
By order of the State Committee.  
M. S. QUAY, Chairman.  
Attest—JERRY B. KOK, Secretary.  
W. R. ANDREWS, Secretary.

CERANUS have friends at Washington, but only at one end of Pennsylvania avenue, apparently.  
By the way, don't Henry Georgian dying only? We believe it is. At least, we hear little of it nowadays.  
We are indebted to Congressman Bramm for a copy of the Congressional Record containing his speech upon the financial question.  
WILLIAM C. WHITNEY is fighting shy of the Presidential nomination. Mr. Whitney is given credit for being a shrewd politician.  
The hard times have cleared the earth of a great deal of social speculative rubbish. When living becomes a struggle people brush all theories aside and get down to the practical.  
"Let us be honest with our public men," remarks an exchange. Let them begin by showing a disposition to be honest with the people, and the latter will meet them more than half way.  
The fact that James B. Kelly has the Democratic organization in this county by the throat, is no good reason why our present Congressman should be allowed to do the same thing with the Republican party.  
"BUTCHER" WYELER was manifestly sent to Cuba to bring matters to a head. And by arousing John Sherman and other friends of liberty in the Senate his mission may be accomplished much sooner than he or the Madrid Government expected, but not exactly in the way they expected.  
THERE is a man in Gotham who has appealed to the police for protection from a rich widow who insists he shall marry her. Let that wealthy widow come to Shenandoah. There are many men here who are not doing a thing but waiting for the sole purpose of being hounded by some rich relic.  
OUR news dispatches state that Hallington Booth and wife, who have been deposed as the head of the Salvation Army in the United States, will lead an independent movement. This announcement was made by the ex-commander in a public statement last night.  
THE House Committee on Civil Service Reform has adopted an amendment to the Civil Service law which is admirably calculated to put an end to a flagrant abuse. The amendment renders it a penal offense for Federal officials to refuse to carry into effect those provisions of the law which demand that preference shall be shown to Union veterans in making appointments.  
THE State Liquor League has begun the threatened crusade against unlicensed saloons and other violators of the Brooks high license law. The League would find a fruitful field in this county, and they need not confine their efforts to Philadelphia and Luzerne county. The course adopted is one that has been agitated for some time, and will not only promote the morals of the community to a more or less extent, but will give honest dealers that protection which the law says is their right.  
A LARGE improvement in the money order system would be had if letter carriers were permitted to pay orders. The service would be more generally patronized and be equally, if not more, safe and secure against fraud or mistakes as under the present cumbersome, troublesome system of payment. Checks on a local bank could be furnished the carrier for each order or for the gross amount of any number of orders payable to one person or firm, or the carrier could be enabled to make cash payments.  
THE friends of Mr. Cleveland have by no means abandoned the idea of making him the standard bearer of the Democratic party in the ensuing campaign. The movement in favor of Mr. Cleveland's renomination for a third term, however, has had its chief inspiration in the assumption that the Democratic party would be compelled to nominate him as a reform hope; in other words, that it would be useless to nominate any untried man, and that Mr. Cleveland could stand defeat better than any other member of his party.  
It is gratifying to know that the efforts of Prof. Wood to establish in our midst a business college second to none in the state, is meeting with such success at the hands of the parents, as well as the young men themselves. There is room in every community for an institution such as the Messrs. Wood

preside over, for the training of young men in the great business of living; to enable them to think, to judge and to act with independence and justice. One good feature, and which appears to be a special one, is the organization of a literary society in the school, giving periodical entertainments.

### Grip-Colds-Headache.

Why suffer with Coughs, Colds and La Grippe when Laxative Bromo Quinine will cure you in one day. Put up in tablets convenient for taking. Guaranteed to cure, or money refunded. Price, 25 cents. For sale by Kirin's Pharmacy.

### Ex-Cashier Love Behind the Bars.

WATKINS, N. Y., March 2.—John W. Love, the ex-cashier of the defunct First National bank of this village, was brought back to Elmira and lodged in Jail Saturday night, having been arrested in Cincinnati. The bail demanded will be \$10,000 and Love is already under \$10,000 bail. Should he secure bail on this indictment another one is ready to be served which will require a \$5,000 bond.

### Don't Be Imposed Upon.

When you ask for Doctor Pierce's Golden Medical Discovery, go to a reliable dealer. He will sell you what you want. The ones who have something else to urge upon you are thinking of the extra profit they will make. These things pay them better, but they don't care about you.  
Some of these substitutes is "just as good" as the "Discovery." That is the only blood-purifier, flesh-builder, and strength-restorer so far-reaching and so unending in its effects that it can be guaranteed. In the most stubborn skin, scalp, or scurfous affections, or in every disease that is caused by a torpid liver or by impure blood—it effects perfect and permanent cures.

### Terrible Whirlwind in Cuba.

HAVANA, March 2.—A terrible whirlwind passed through the towns of Rhodas and Los Abros at 5 o'clock on the evening of Feb. 28, doing an immense amount of damage. These towns are situated in the southwestern part of the province of Santa Clara. In Rhodas the wind destroyed forty houses and injured a larger number of persons. In Los Abros the damage to life and property was even greater. A large number of houses were shattered, and all traces of them obliterated. A white woman and a negro were killed and fifteen persons seriously wounded. The money loss is immense. The inhabitants are in a pitiable condition. Their loss on crops is very large.

### There's Just What You Want.

Pan-Tin (25c.) for coughs and colds. At Grahler Bros., drug store.

### U. S. Official Postal Guide, 1896—Just Issued.

Very few of our business men know that the Post Office Department at Washington issues in January of each year, a complete Postal Guide containing 1,000 pages, and complete lists of post offices in the U. S., arranged alphabetically, all rules and regulations, money order offices and rulings of the department on postal matters, time of arrival and departure of foreign mails, and much valuable information for the public on postal matters.  
The book is exceedingly valuable to those using the mails. It is the Guide for every Postmaster in the country and is sold to business men by the publisher, Geo. F. Lashor, 147 N. 10th St., Philadelphia, Pa., in cloth cover, \$2.50 or paper cover, \$2.00. Can be ordered through our Postmaster and every business man should secure a copy.

### Engineer Sealed to Death.

MONTGOMERY, Ala., March 2.—A fast mail train on the Louisville and Nashville railroad, north bound, ran into a wild timber car at Bolling, about fifty miles south of Montgomery, at 5 o'clock yesterday morning. The boiler was crushed in and Engineer Harvey Adams was so severely scalded that he died in six hours. A negro fireman had one arm broken and was badly though not fatally scalded.

### Burglars Lynched in Louisiana.

NEW ORLEANS, March 2.—Paul Francis and Gilbert Francis were lynched early in the morning in front of the court house at Convent, La., St. James' parish. The men, who, although they bear the same name, are not relatives, attempted to rob the store and residence of M. Gouges a few nights ago. They assaulted the proprietor and his wife.

### Receivers for the Baltimore and Ohio.

BALTIMORE, March 2.—Late Saturday evening General Attorney Hugh L. Bond, of the Baltimore and Ohio, filed a petition before Judges Morris and Goff for the appointment of receivers for the company, and the order was signed, appointing President John K. Cowan and Vice President Oscar G. Murray receivers to take charge of and operate the road.

### Protesting Against a Saloon.

WEST CHESTER, Pa., March 2.—Nine remonstrances, containing in all 1,000 signatures, have been filed in the office of the clerks of courts against the granting of a liquor license at Berwyn, in Easttown township, to James F. Kromer. At the present time there is no licensed house in the place, and the remonstrants claim that none is necessary.

## THE WEEK IN CONGRESS.

### The Cuban Resolution May Pass the House at Any Time.

WASHINGTON, March 2.—The conspicuous feature of the house proceedings this week will be in connection with Cuban resolutions, which are now upon the calendar. After the objection raised by Mr. Boutelle on Thursday last, it became almost certain that unanimous consent could not be secured for the consideration of the resolutions, and as the senate resolutions were referred on Friday to the foreign affairs committee it is certain that unusual methods will be required to get the subject before the house.  
Under the rules the first and second Mondays of each month are suspension days. Today, therefore, is one of the days when the speaker could recognize Mr. Pitt to move the passage of the resolutions under a suspension of the rules. Such a motion would require a two-thirds majority, but it is not believed that a dozen votes would be recorded in opposition. Only thirty minutes' debate on a side would be allowed if such a motion were made.  
The fact that the senate resolutions were referred to the committee indicates that the majority prefer the house to the senate resolutions, but when the question comes before the house, unless it is by special order, which would cut off amendment, a motion probably will be made to substitute the senate resolutions. The latter motion would have the advantage of ending the matter. Delay would be a natural incident to the passage of a different set of resolutions by each house, and the temper of members is enthusiastically in favor of action.  
The senate probably will pass the agricultural appropriation bill early in the week.  
Senator Mitchell, of Oregon, chairman of the committee on privileges and elections, has given notice of his intention to call up the Dupont election case on Wednesday. He will make a speech on this subject at that time, supporting the claim of Mr. Dupont to the vacant Delaware seat, and will be followed by Senator Turpie in support of the views of the minority. Senator Pritchard is scheduled to follow Mr. Turpie, and other members of the committee will be heard later. There will be a solid Republican vote in support of the proposition to seat Mr. Dupont, but there is one short of a majority. It is believed that the entire Democratic vote will be cast against Dupont. The Republicans, therefore, rely entirely upon securing at least a part of the Populist vote.

### Relief in Six Hours.

Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Shapiro's pharmacy, 107 South Main street.

### NUGGETS OF NEWS.

A fire in Halifax, N. S., yesterday caused a loss of about \$250,000.  
During a quarrel at Blountstown, Fla., Charles Allen shot and killed Mack Law.  
A crowd of masked men took a prisoner from officers on a train at Windsor, S. C., and it is thought they lynched him.  
An unknown man threw a brick at Kate Burns, a factory girl at Bridgeport, Conn., but she escaped with burned clothing.  
Casper Hartlein, a farm hand at South Manchester, Conn., stabbed Miss Lombro Troch to death, because she refused to marry him.  
Freight trains collided at Doane, W. V., on the Norfolk and Western railroad, derailing nine cars and fatally injuring John Winter, a brakeman.  
Governor Matthews refuses to call an extra session of the Indiana legislature, at the request of the Republican state committee, to reappoint the state.  
Hiram H. Gerald, ex-treasurer of the East Brookfield (Mass.) Savings bank, said to have embezzled \$50,000, has been arrested at Baltimore, Md., for larceny of \$600.

### Threw Away His Canes.

Mr. D. Wiley, ex-postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his canes. He says this liniment did him more good than all other medicines and treatment put together. For sale at 50 cents per bottle by Grahler Bros., druggists.

### Coming Events.

March 2.—Coffee supper under the auspices of the Salvation Army in Robbins' hall.  
OUR people are growing more and more in the habit of looking to Grahler Bros., druggists, for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result.

### Corinto's Custom House in Danger.

MANAGUA, Nicaragua, March 2.—Reports received here indicate that the presence of a war vessel of the United States at Corinto is very much needed, as there is great danger that the custom house there will be seized and the merchandise it contains captured or destroyed. The German minister to Guatemala, Herr von Bergen, has sent a cable dispatch to United States Minister Lewis Baker urging that Corinto be declared in Nicaragua. Mr. Baker has replied that diplomatic interference will not be accepted here, and that war alone can settle the differences that have arisen.

### The Law's Delays.

LANCASTER, Pa., March 2.—The ex-banker of Columbia, E. K. Smith, will be sentenced next Saturday. He was convicted of embezzlement, and justice has been extremely slow passed in his case, as four years have elapsed, since his bank failed for \$150,000. Smith received deposits up to the day of the failure. There are still thirty indictments pending against Smith, which will be called for trial should the supreme court upset the lower court's decision.

### Rheumatism Cured in a Day.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits; 75 cents. Sold by C. H. Hagenbuch, Druggist, Shenandoah.

## KILLED MOTHER AND SELF.

### The Double Tragedy That Ended a Sunday Mixed Ale Party.

LONG ISLAND CITY, March 2.—The outcome of the many Sunday mixed ale parties in the Old Works district of this city was the death of Mrs. Mary Kraemer and her son Michael. They both died from a bullet in the brain, and although there is some mystery as to who did the shooting, it is believed that young Kraemer killed his mother and then committed suicide. Toward the end of the afternoon the son Michael was debarred from enjoying any further festivities. The door was locked against him, and after repeated efforts to get within he adjourned to his own apartments.  
Shortly afterwards his mother followed him, it is stated, in a spirit of reconciliation, and it was only a moment later when two shots were heard. The door was broken open, and Henry Boehler, one of those who had been present at the party, and one of those chiefly concerned in ejecting Kraemer was found in the room. He had a revolver in his hand, and it was with difficulty that it could be taken from him. The police took him in charge. He claimed that he had heard the shots, and had run down stairs to find out what the trouble was. His companions, including the other two sons of the murdered woman, bore him out in this assertion.  
The revolver with which the shooting was done was the property of Michael Kraemer, and it was this that Boehler had in his hand. One of the theories entertained by the police in connection with the crime is that Michael Kraemer, furious with anger at having been kept out of the apartments above where festivities were going on, had fired the shot at the first person who went into his room, and on finding that he had killed his mother committed suicide.

### Kissing the Prophet's Mantle.

CONSTANTINOPLE, March 2.—The visit of the sultan yesterday to the Topkapouk palace, in the Stamboul quarter, upon the occasion of the mid-Ramazan festival, to perform the ceremony of kissing the prophet's mantle, passed off without any hostile demonstration, in spite of the fears that have been entertained of a conspiracy and the elaborate precautions which have been taken to prevent it. Altogether a thousand arrests have been made of suspected conspirators. They were, however, liberated today. The most elaborate police arrangements were taken. It was noted that the Armenian school children, who usually line the route of the sultan's march on the occasion of this ceremony, were absent.

### President Kruger's Demands.

JOHANNESBURG, March 2.—When President Kruger visits England it is stated that he will stipulate as his conditions for granting to the Uitlanders the franchise: The abrogation of the convention of 1884 and the substitution of a treaty of commerce and amity, recognizing Great Britain as the paramount power in South Africa; the inclusion of Swaziland in the Transvaal; that a presumptive right to Kosi bay and Delagoa bay be accorded the Transvaal. These extravagant demands are far in excess of what the government really expects to obtain, but they will be made in order to appease the Burgers who oppose President Kruger's visit to England.

### The Company Responsible.

ASHLAND, Pa., March 2.—The coroner's jury has held the Centralia Colliery company responsible for the deaths of Michael Robeck and Anthony Zocinski, who were killed by a boiler explosion at the colliery last Monday. The exact cause of the explosion was not made clear, but the jury expressed the belief that if the boilers had been examined according to law the explosion might not have occurred. For failing to comply with the law in this respect the colliery company was censured for negligence.

### Lively Contest for a Postmastership.

HAYNE DE GRACE, Md., March 2.—There is a hot fight on here for the postmastership, and the appointment is looked for daily. The position pays a salary of \$1,700 per annum, and there are five applicants for the position, all of whom are striving hard to receive the commission. The applicants are Joseph W. Chamberlaine, Frank H. Morgan, Harry C. Lawder, Anthony J. Slymer and James L. Burke, all of whom have strong indorsement.

### Negroes Off for Liberia.

SAVANNAH, Ga., March 2.—With the cheers from thousands of other negroes ringing in their ears 311 negroes, representing half a dozen southern states, started yesterday afternoon on the steamer Laurada for Liberia, where they will settle on land provided by the government of that republic. President Flammar, of the International Migration society, his secretary and Dr. W. A. Rice, of Des Moines, and William K. Roberts, of Washington, D. C., were the only whites accompanying the emigrants. The third cargo of negroes will leave here for Liberia in the fall.

### White Family Overcome by Coal Gas.

CHICAGO, March 2.—The entire family of Farmer Stunkel, of Crest, Ill., were overcome by coal gas, which escaped from an overloaded stove. The father and two daughters, aged 13 and 4 years, are dead. Mrs. Stunkel and four other children are supposed to be dying. The mother was awakened during the night by the cries of the children, but did not notice the hot stove and the gas. One by one the family dropped off, and it was not until 7 a. m. that help arrived and the cause of the trouble discovered.

## THE STEAMER ALBA SUNK.

### Run Down by the Bourgoigne Off Fort Wadsworth, New York Harbor.

NEW YORK, March 2.—The heavy fog of Saturday caused a remarkable list of disasters in New York harbor. The chief of these was the sinking of the Atlas line steamer Albia by the French line steamer Bourgoigne. The Albia had aboard fourteen passengers, three of them women, and had anchored off Fort Wadsworth. The Albia's passengers took to the rigging, and when the vessel went down the waves dashed over those who were lowest. They remained in the rigging only a short time, when they were taken off by a tug and brought to this city. The Bourgoigne, which had one of its plates injured, returned for repairs.  
The steamer Guyardotte crashed into the steamer George W. Clyde, making a big hole in her port side. The Guyardotte was not injured, and proceeded on her voyage. The Clyde was run to shore, and her cargo is being removed by lighters.  
Steamer New York, of the American line, went aground in the lower bay, and was not floated until yesterday afternoon.

### The Little Daughter of Mr. Fred Webber.

HOLLAND, Mass., had a very bad cold and cough which he had not been able to cure with any thing. I gave him a 25 cent bottle of Chamberlain's Cough Remedy, says W. P. Holden, merchant and postmaster at West Brimfield, and the next time I saw him he said it worked like a charm. This remedy is intended especially for acute throat and lung diseases such as colds, croup and whooping cough, and it is famous for its cures. There is no danger in giving it to children for it contains nothing injurious. For sale by Grahler Bros., druggists.

### The Marquette Statue Unveiled.

WASHINGTON, March 2.—To avert any trouble over the unveiling of the Marquette statue in the Capitol, which has aroused antagonism from the A. P. A., the covering was removed from the statue yesterday and will not be replaced. No arrangements for a formal unveiling had been made, and Judge Lacey, who represents the state of Wisconsin, which is the donor, concluded that the ceremony might be dispensed with. There will, however, be speeches in the senate Friday or Saturday by Senator Mitchell and others upon Father Marquette. Captain Garden, of the Capitol police, has heard that threats have been made to deface the statue, and has instructed his men to watch it night and day.

### A Maniac's Suicide.

FLINT, Mich., March 2.—The city was excited yesterday over the sensational suicide of Walter K. Hough, of Lapeer, who was on Saturday placed in the Oak Grove asylum for treatment for insanity. Yesterday Hough was permitted to walk out with Frank Klamm, an attendant. Outside of the city limits Hough attacked his attendant, declaring they must die together. After a hard scuffle Hough broke away and ran over a mile, pursued by several men. Suddenly he stopped, produced an ink eraser, plunged it into his neck several times and expired within a few minutes.

### RESCUED.

On Lake Erie's Shores.—The Captain's Wife Tells the Story.—It Will Interest Many People.  
(From the Buffalo Evening News.)  
If you were to call at 27 Front Avenue you would find a pleasant elderly lady, Mrs. Captain Hensley by name. Her kindly smile and joyous manner are to no small extent due to the escape she has had. Her own words can better describe her rescue and one can easily understand her present happy condition when they realize what she has gone through. She says: "About five months ago I had an attack of sickness which lasted for a week and since that time I have been subject at intervals to similar attacks, some of which were longer in duration. It is hard for me to describe how I suffered. The pain would commence in my head, after which it would seem to pass down my body and settle in my back, my sides ached, my back ached, and I had a feeling of great distress in the bowels. The increased pain which seemed to come from lying down, would be almost unbearable, my face and stomach would blot up and I could hardly stand on my feet, dizziness made it almost impossible; this feeling was always with me even after the violence of the attack passed over. The last attack I had was the worst, and was so bad I would not have been able to tell this story but for Doan's Kidney Pills. As soon as I commenced their use I found immediate relief. The pain in my back and sides left me and the dizziness went with it; the bloating in my face and body disappeared and all distress in my bowels was gone. I have great faith in Doan's Kidney Pills; in a short time they did a great deal more for me than all the plasters and medicines which I had resorted to in seeking relief and cure. I hope always to be able to procure them."
